
Insights to RWE: Commercial Business & Early Careers Opportunities

Are you looking for a graduate programme to start in the next 3 years? Interested in international placements, career development and working towards a more sustainable future? RWE is a global energy company, paving the way as a leading organisation in the world of renewable and green energy. Within the commercial arm of our business, we have a wide range of graduate programmes, including areas such as Trading, Finance, IT Development and HR. With more than 125 years of successful history behind us, RWE has undergone fundamental change to become the third-largest renewables business in Europe. RWE Supply & Trading is the interface between RWE and global energy markets. With one of the largest trading floors in the world operating in Germany, RWEST is also trading in metropolises such as London, New York, Singapore and China. And with Graduate schemes offering international rotations, you could experience this first hand...

Why you should join the Livestream:

- We offer award winning, international rotational graduate programmes
- We offer extensive career development and learning opportunities
- Join a global organisation leading the way in renewable energy
